Dear Sirs,

- We confirm that Mr. Wayne Waddingham has been sub. contracted to us 'on site' at Davy Morris Cranes Ltd. for nearly a year.

He works at Davy Morris by their special request because of his excellent knowledge of, and experience in, their painting division (where he was, in fact trained for the job.) He is also an experienced shotblaster, and one of the best and most enthusiastic workers we have ever employed.

On average his weekly wage is just under £400. He is paid £6 per hour, and while working as a shotblaster and finish painter for us, is guaranteed 38 hours work per week - i.e. £228 (although he always works 60 hours or more.)

Trusting that this is the information you seek - yours faithfully,

Aime Taylor White (MRS. A. TAYLOR-WHITE)
 (MR. J. BENNETT.)
